**Subject:** Sierra Club Statement?

<http://stateimpact.npr.org/pennsylvania/2012/03/16/environmentalists-critical-of-epas-dimock-results-epa-releases-sampling-plan/>

In the article above it says

Environmental groups say the EPA jumped the gun by releasing only a hand-ful of Dimock water results before all households' tests were complete. The Sierra Club issued a statement Thursday night declaring their support for the residents along Carter road who say Cabot Oil and Gas caused their water wells to run foul.

I searched and found no statement from Sierra Club. Have you seen anything?
